STEP 3

You arrive in the screen for API management. In this case it is already activated.

In your situation you shall generate a new key which will be used along with your account number

Your key to OANDA's API

You have generated a personal access token. In order to create a new token, please click "Revoke" and generate a new token.

* By clicking **Generate**, you are acknowledging that you have read, understand, and agree to be legally bound by the API License Agreement.
